Sommerliche ÖGAI Grüße

Liebe ÖGAI Members!

Wir hoffen Sie genießen unbeschwerte Sommertage und haben auch das erste ÖGAI-Exemplar des AllergoJournals, mit einem schönen Rückblick auf unseren letzten Jahrestag „Planetary Health and Immunity“, erhalten. Zu allen anderen Ausgaben haben Sie als ÖGAI Mitglied natürlich auch (elektronischen) Zugang.

Im ÖGAI Office beginnen wir bereits wieder an die Zeit nach den Sommertagen zu denken. Dazu können wir erfreut mitteilen, dass unsere **Webinar-Serie Molekulare Allergologie** Fortsetzung finden wird. Die erste Serie war mit 1317 Teilnehmern ein großer Erfolg!

Nach dem erfolgreichen „Probelauf“ mit unserer ersten digitalen Allergie-Sprechstunde für Patienten planen wir am 1. Oktober 2022, wieder zusammen mit IGAV und MeinAllergiePortal, eine länderübergreifende digitale Sprechstunde. Wir werden Sie wie immer rechtzeitig informieren.

Natürlich kommt aber auch die Immunologie im Herbst auf Ihre Kosten mit der gemeinsamen Jahrestagung ÖGAI-DGfI in **Hannover, 7.-10. September 2022**. Die ÖGAI ist mit einigen Vorträgen und Chairs, einem ÖGAI-DGfI Joint Symposium, sowie mit 54 Abstracts aktiv – danke allen die ihre Arbeiten eingereicht haben.

Wichtig: in Hannover wird am 8. September um 18:00 unsere Generalversammlung stattfinden, wo auch der nächste ÖGAI-Vorstand ernannt wird. Dazu ergingen kürzlich per E-Mail Einladungen und Erinnerungen an alle regulären ÖGAI Members, mit genauen Instruktionen wie die Wahl stattfinden wird und wie man Wahl-Vorschläge einreichen kann. In Hannover wird auch gefeiert, mit Ernennungen, und großen sowie kleineren Preisen. Wir freuen uns sehr darauf!

Sommerliche Grüße,

Erika Jensen-Jarolim
ÖGAI Präsidentin

Eva Untersmayr-Elsenhuber,
ÖGAI Sekretärin

Summertime greetings

Dear ÖGAI members!

We hope you are enjoying carefree summer days and have also received the first ÖGAI copy of the AllergoJournal, with a nice review of our last annual "Planetary Health and Immunity". Of course, as an ÖGAI member you also have (electronic) access to all other issues.

At the ÖGAI Office, we are already starting to think about the time after the summer days. In this regard, we are pleased to announce that our **webinar series Molecular Allergology** will be continued. The first series was a great success with 1317 participants!

After the successful "trial run" with our first digital allergy consultation for patients, we are planning a cross-national digital consultation on October 1, 2022, again together with IGAV and MyAllergyPortal. As always, we will inform you in due time.

Of course, immunology will also get its money's worth in the fall with the joint ÖGAI-DGfI annual meeting in Hannover, September 7-10, 2022. ÖGAI is active with several lectures and chairs, an ÖGAI-DGfI joint symposium, as well as 54 abstracts – thank you to all who submitted their abstracts.

Important: in Hannover on September 8 at 18:00 our General Assembly will take place, where also the next ÖGAI Board will be appointed. For this, invitations and reminders recently went out to all regular ÖGAI members by email, with detailed instructions on how the election will take place and how to submit election proposals. There will also be a celebration in Hannover, with appointments, and major and minor awards. We are very much looking forward to it!

Summer greetings,

Erika Jensen-Jarolim
ÖGAI President

Eva Untersmayr-Elsenhuber,
ÖGAI Secretary

Hannover: ÖGAI und DGfI tagen 2022 gemeinsam

Die Vorbereitungen für die gemeinsame Jahrestagung der ÖGAI mit der Deutschen Gesellschaft für Immunologie / DGfI in Hannover laufen auf Hochtouren! Merken Sie bitte das Datum vor: 7.-10. September 2022.

Sehen Sie hier das Programm.

DGfI & ÖGAI Celebrations!

Dear colleagues & friends!

In a couple of weeks, the doors will open for our Joint Annual Meeting in Hannover! Besides exciting scientific topics, we are especially looking forward to honoring scientific achievements. On the very first day, we will start with the awarding of the DGfI German Immunology Prize 2022 to Prof. Dr. Özlem Türeci, Prof. Dr. med. Uğur Şahin and Prof. Dr. Katalin Karikó, and to Prof. Dr. Thomas Boehm for 2020 as well as our various PhD, MD and Postdoc awards. Two EFIS IL Lecture Awards of the European Federation of Immunological Societies will be given to Prof. Dr. Emma Slack (Switzerland) and Prof. Dr. Oscar Palomares, (Spain) as outstanding European

immunologists. Both awardees will give a presentation during the Plenary Session "Microbiome and Metabolism" on Friday, September 9, 13:30 – 15:00.

In special in memoriam sessions on Friday and Saturday, we will also honor the outstanding contribution of our two former presidents, Prof. Dr. Jochen R. Kalden and Prof. Dr. Reinhold E. Schmidt to clinical immunology.

Another highlight will be the prizes for our Young Immunologists such as travel awards for the best speakers in workshop sessions, sponsored by the American Association of Immunologists (AAI) and best poster presenters in the five poster sessions, which will be announced at the Closing Ceremony on Saturday, September 10th!

We hope to see you in September in Hannover, celebrating Immunology together!

Sincerely,

Prof. Dr. rer. nat. Christine S. Falk (DGfI)
Conference Chair
Institute of Transplant Immunology
Medizinische Hochschule Hannover (MHH)

Univ.-Prof. Dr. Erika Jensen-Jarolim (ÖGAI)
Conference Chair
Institute of Pathophysiology and Allergy
Research Center for Pathophysiology,
Infectiology and Immunology Medical University
Vienna

EFIS IL Lecture Award of the European Federation of Immunological Societies

We are pleased to be able to award The IL Lecture Award of the European Federation of Immunological Societies within this year's Joint Meeting to:

Prof. Dr. Oscar Palomares

Vaccines and Dendritic cells Lab., Department of Biochemistry and Molecular Biology, Chemistry School, Complutense University of Madrid, Spain

Oscar Palomares Gracia is Professor in the Biochemistry and Molecular Biology Department, School of Chemistry, at UCM. The major focus for his research group is the study of the role of human dendritic cells in the context of inflammatory diseases, including allergy and infection, to identify potential novel therapeutic targets for the treatment of such diseases. The group is also interested in furthering understanding of the molecular mechanism involved in allergy and Type 2 immune responses, as well as in the development of alternative protocols to identify novel food allergens that allow the improvement of the diagnosis and management of food allergy.

Prof. Dr. Emma Slack, Zurich/Switzerland

Department of Health Sciences and Technology, ETH Zurich

Emma Slack is a British/Swiss scientist who trained in Cambridge, London, Hamilton (Ontario) and Bern before joining the ETH Zürich. She is fascinated by how the immune system works in the context of complex microbial communities, and in applying both wet-lab and quantitative biology approaches to these problems.

Our Young Stars

YI-Symposium & Jochen Kalden Prize

The Joint Meeting starts with the Young Immunologist (YI, DGfI) / Next Generation Immunologists (NGI) session. The six best abstracts from all submissions, selected by the YI/NGI committee, will have a talk. The two best presentations will be selected for the "Jochen R. Kalden Young Immunologists Prize", named after the famous former DGfI president.

Poster Prize

There will be 5 poster prizes awarded at the closing ceremony. The chairs of each poster session will be obliged to select the best poster presenter out of the different topics.

Travel Award

A good presentation should always be honoured: each presenter in the 20 workshop sessions will have the chance to win one of the travel awards, sponsored by AAI (American Association of Immunologists). The best presentation from each workshop session will be awarded a prize. We would like to thank AAI for their generous support!

Your opportunity to connect!

President's Symposium & Networking Reception Wednesday, September 7, 2022 – 5.15 p.m.

Join us for the official welcome and kick-off of our Joint Meeting at the Opening Sessions at the Congress Venue's Auditorium, followed by the Welcome Reception. This will be a great opportunity to network and meet up again with new and existing colleagues.

Social Evening "Immu-Night" Friday, September 9, 2022

Conclude the Joint meeting with the best opportunity to gather and network by purchasing tickets to the Immu-Night. This evening will be the highlight of our Joint Meeting!

Delicious food & dancing: for the full conference experience, this night should not be missed.

Where?

Resso's

Ernst-August-Platz 10,
30159 Hannover, Germany
www.ressos-hannover.de

The ticket can be booked together with your registration.
The price includes food & beverages and music.

AVISO WAHL DER NEUEN ÖGAI VORSTANDES 2023–2024

Im September wird im Rahmen der Joint Tagung ÖGAI mit DGfI in Hannover, am **8. September um 18:00–19:30, die ÖGAI Generalversammlung** stattfinden. Dabei muss statutengemäß der neue ÖGAI-Vorstand für die Funktionsperiode 2023–2024 gewählt werden. Der Vorstand hat beschlossen, die Wahl mittels Survey Monkey elektronisch durchzuführen, was unsere neuen Statuten nun erfreulicherweise zulassen.

Was ist aber als erstes zu tun?

Jedes ÖGAI-Mitglied ist berechtigt, dem Nominierungskomitee Kandidaten vorzuschlagen. Dabei ist es wichtig nur solche KandidatInnen zu nominieren, die auch dazu bereit sind im ÖGAI-Vorstand aktiv mitzuarbeiten was mit einem gewissen Zeit- und Arbeitsaufwand verbunden ist. Alle ordentlichen Mitglieder wurden eingeladen, ihre Nominierungen per email bis spätestens sechs Wochen vor der Wahl, also den 28. Juli 2022 an den Vorsitzenden des Nominierungskomitees, Prof. Alexander Rosenkranz, Past-Präsident der ÖGAI (alexander.rosenkranz@medunigraz.at), zu senden.

Wie geht es dann weiter?

Das Nominierungskomitee wird dann aus allen Nominierungen einen Wahlvorschlag erstellen, der Ihnen bis spätestens 2 Wochen vor der Wahl (plus 3 Tage wegen der elektronischen Abstimmung), also bis 22. August 2022 per Email bekannt gegeben wird. Dann wird das elektronische Voting geöffnet, welches bis zum 5.9.22 offenbleibt. Mehr Informationen werden laufend über Newsletter und Emails an Sie ergehen!

Mit herzlichem Dank für Ihre wichtige Mitwirkung in der Gestaltung der nächsten Vereinsperiode,

verbleiben mit besten ÖGAI- Grüßen,

Erika Jensen-Jarolim & Eva Untersmayr-Elsenhuber

für den scheidenden ÖGAI Vorstand

AVISO ELECTION OF THE NEW ÖGAI BOARD 2023–2024

In September, during the Joint Meeting ÖGAI with DGfI in Hannover, on **September 8 at 18:00–19:30, the ÖGAI General Assembly** will take place. According to the statutes, the new ÖGAI board for the period 2023–2024 has to be elected. The Board has decided to conduct the election electronically using Survey Monkey, which our new statutes now fortunately allow.

But what is the first thing to do?

Every ÖGAI member is entitled to propose candidates to the Nominating Committee. It is important to nominate only those candidates who are willing to actively participate in the ÖGAI Board, which requires a certain amount of time and effort. All full members have been invited to send their nominations by email to the Chair of the Nominating Committee, Prof. Alexander Rosenkranz, Past-President of ÖGAI (alexander.rosenkranz@medunigraz.at), no later than six weeks before the election, i.e. July 28, 2022.

What happens next?

The Nominating Committee will then compile an election proposal from all nominations, which will be announced to you by email no later than 2 weeks before the election (plus 3 days because of electronic voting), i.e. by August 22, 2022.

Then electronic voting will open, which will remain open until 9/5/22. More information will be coming to you via newsletters and emails on an ongoing basis!

With sincere thanks for your important participation in shaping the next association period.

Best regards from the ÖGAI,

Erika Jensen-Jarolim & Eva Untersmayr-Elsenhuber

for the outgoing ÖGAI board

Fortsetzung der Webinare AeDA+ÖGAI!

Moderation Ludger Klimek und Erika Jensen-Jarolim

Veranstaltungsreihe "[Molekulare Allergiediagnostik 2022](#)"
