

Professorship

Full Professorship (W3) in Immunology

Reference No. 2023/039.

The Department of Biology in the Faculty of Sciences seeks to fill this position by **April 1, 2024**.

The University of Konstanz is one of eleven Universities of Excellence in Germany. Since 2007 it has been successful in the German Excellence Initiative and its follow-up programme, the Excellence Strategy.

We are looking for an internationally recognized scientist with innovative research in the broader field of immunology, particularly investigating molecular, cellular and biochemical aspects of immune cell development and function. The research programme of the future professor for immunology is expected to integrate into existing and planned interdisciplinary research consortia at the Faculty of Science. The successful candidate will contribute to the teaching programme in the Bachelor and Master curricula, with emphasis on immunology and related areas. In all other respects, the hiring requirements for professorships follow from § 47 paragraph 1,2 of the Landeshochschulgesetz.

For further information, please contact Thomas Brunner at thomas.brunner@uni-konstanz.de (phone +49 7531 88-5371) or Martin Scheffner, Head of Department of Biology, at martin.scheffner@uni-konstanz.de (phone: +49 7531 88-5150) or refer to the department website at biology.uni-konstanz.de. If you have queries concerning the application procedure, please contact Helgard Fischer at sek1.ref@uni-konstanz.de (phone +49 7531 88-2413).

We look forward to receiving your application with the usual documents (curriculum vitae, publication list, a list of grants and awards, details of teaching experience, statements on current research topics, future research directions and interests) **until 15.04.2023** via our [Online Application Portal](#).

The University of Konstanz is committed to ensuring an environment that provides equal opportunities and promotes diversity as well as a good balance between university and family life. As an equal opportunity employer, we strive to increase the number of women working in research and teaching. We also support working couples through our [dual career programme](#).

Persons with disabilities are explicitly encouraged to apply. They will be given preference if appropriately qualified (contact sbv@uni-konstanz.de, + 49 7531 88-4016).
