- Florentina Porsch (Medical University of Vienna)
- Felix Richter (Medical University of Vienna)
- Georg Stingl (Medical University of Vienna)

ROUND TABLE DISCUSSION: Career perspectives in Austria and abroad

AWARD CEREMONY

Karl Landsteiner prize, Clemens von Pirquet prize

Fritz und Ursula Melchers Dissertation prize, ÖGAI Dissertation prize

ÖGAI GENERAL ASSEMBLY

Registration: www.oegai.org

Detailed Program

13:30 Welcome words (Wilfried Ellmeier)

13:35 -13:50 Georg Stingl (Medical University of Vienna)

In memoriam Fritz Melchers

Scientific Sessions (chairs: Georg Stary & Nicole Boucheron)

13:50 - 14:15 Edda Fiebiger (Abbvie, Cambridge, US)

Antibody therapy in 2025 – have patients with atopy reached the promised land?

14:15 - 14:40 Antonia Müller (Medical University of Vienna)

When fields converge: hematology, cell therapy, and immunology in the Age of CAR-T

14:40 - 15:05 Stefano Angiari (Medical University of Graz)

Novel immunometabolic targets to modulate human T cell-mediated inflammation

15:05 - 15:20 Florentina Porsch (Medical University of Vienna)

Immune players in atherosclerotic cardiovascular disease

15:20 - 15:35 Felix Richter (Medical University of Vienna)

Crosstalk between CD8⁺ T cells and systemic bile acid metabolism controls LCMV-induced immunopathology

15:35 - 16:05 coffee break

16:05 - 16:35 round table discussion (chair: Katja Knapp & Wilfried Ellmeier)

Career perspectives in Austria and abroad

Stefano Angiari, Edda Fiebiger, Antonia Müller, Florentina Porsch, Felix Richter, Marta Rizzi

16:35 - 17:05 prize ceremony (chairs: Wilfried Ellmeier & Nicole Boucheron)

17:15 - 18:15 ÖGAI General Assembly

18:30 get together with DGfI

The symposium is supported by:
